Forecast for Sunday 18 Oct 2020

Weather: Most staying dry with the best of the clear then brighter spells expected across southern peaks. Always cloudier across the northeast, with a few light showers cropping up, these largely confined to the morning and to the north of the A40.

Chance of cloud free mountain/hill tops above 600m: 75% generally with broken bases from 500-800m, but 40% in the northeast at first where bases will be quite extensive.

Visibility: Generally good, becoming moderate in isolated showers, poor in hill fog, otherwise good.
